The CALFED Bay-Delta Program welcomes your participation. Please use the space below for your written comments (attach additional sheets if necessary).

Comments:

I have great concern about the large
amount of funds that CALFED is using and
dispensing at such an early stage of information
gathering. Public funds should be wisely ~~not~~
used - particularly in such an important issue
as water. Increasing water storage capacity should
be seriously considered - as food production and its
economic benefits are vital.
